JOINT MISSION COVERAGE SUMMARY

Mission C 6023
22 October 1958Summary of Coverage

Mission C 6023, flown 22 October 1958, covers the coastal area of China from Hsing-hua Wan (Bay) 45 nautical miles south of Fu-chou, south and west to Ta-ya Wan (Bay) northeast of Hong Kong. The mission also covers the Canton (Kuang-chou) area and the Tung Valley. The city complexes of Amoy (Hsia-men), Shan-tou (Swatow) and Canton are partly covered.

Quality

Quality of the coverage is variable, ranging from good to poor. There are scattered clouds along the coast and heavy clouds over almost all of the inland terrain.

Notes

1. Information is listed by categories, as shown in the Table of Contents. Arrangement within categories is as follows: Airfields and Urban Areas -- alphabetically; all other categories -- by (1) WAC number, and (2) exposure number. An index of geographic names concludes the report.

Page 1~~TOP SECRET CHSS~~

~~TOP SECRET CHESS~~

PIC/JMCS-2/59

2. The abbreviation ASSOTW in the report stands for the "Airfields and Seaplane Stations of the World" series, while ATMP designates mosaics and charts in the "Air Target Materials Program" series.

3. Coordinates: all latitude readings are North; longitude readings East.
